## PLANET PLATINUM

Going full-on platinum blonde needn't damage your natural hair when bleaching and dyeing it. Candi & Co hair expert Mashooda Essop recommends using a shampoo and conditioner specifically designed for blonde haircare, as this will prevent your hair from turning yellow after bleaching.

**DESTINY recommends:** Creightons Sunshine Blonde Shampoo, R45 and Creightons Sunshine Blonde Conditioner, R45

### SIZE DOES COUNT

The faux 'fro just got blonder, bigger and better, and is set to return as a trend this year.

Keep the coil in your curls by air-drying your wig after a wash and brushing through your locks with a detangling brush while they're still damp. Apply a curl-enhancing cream to nourish the hair and watch as your mane's curl structure springs back to life after a wash.

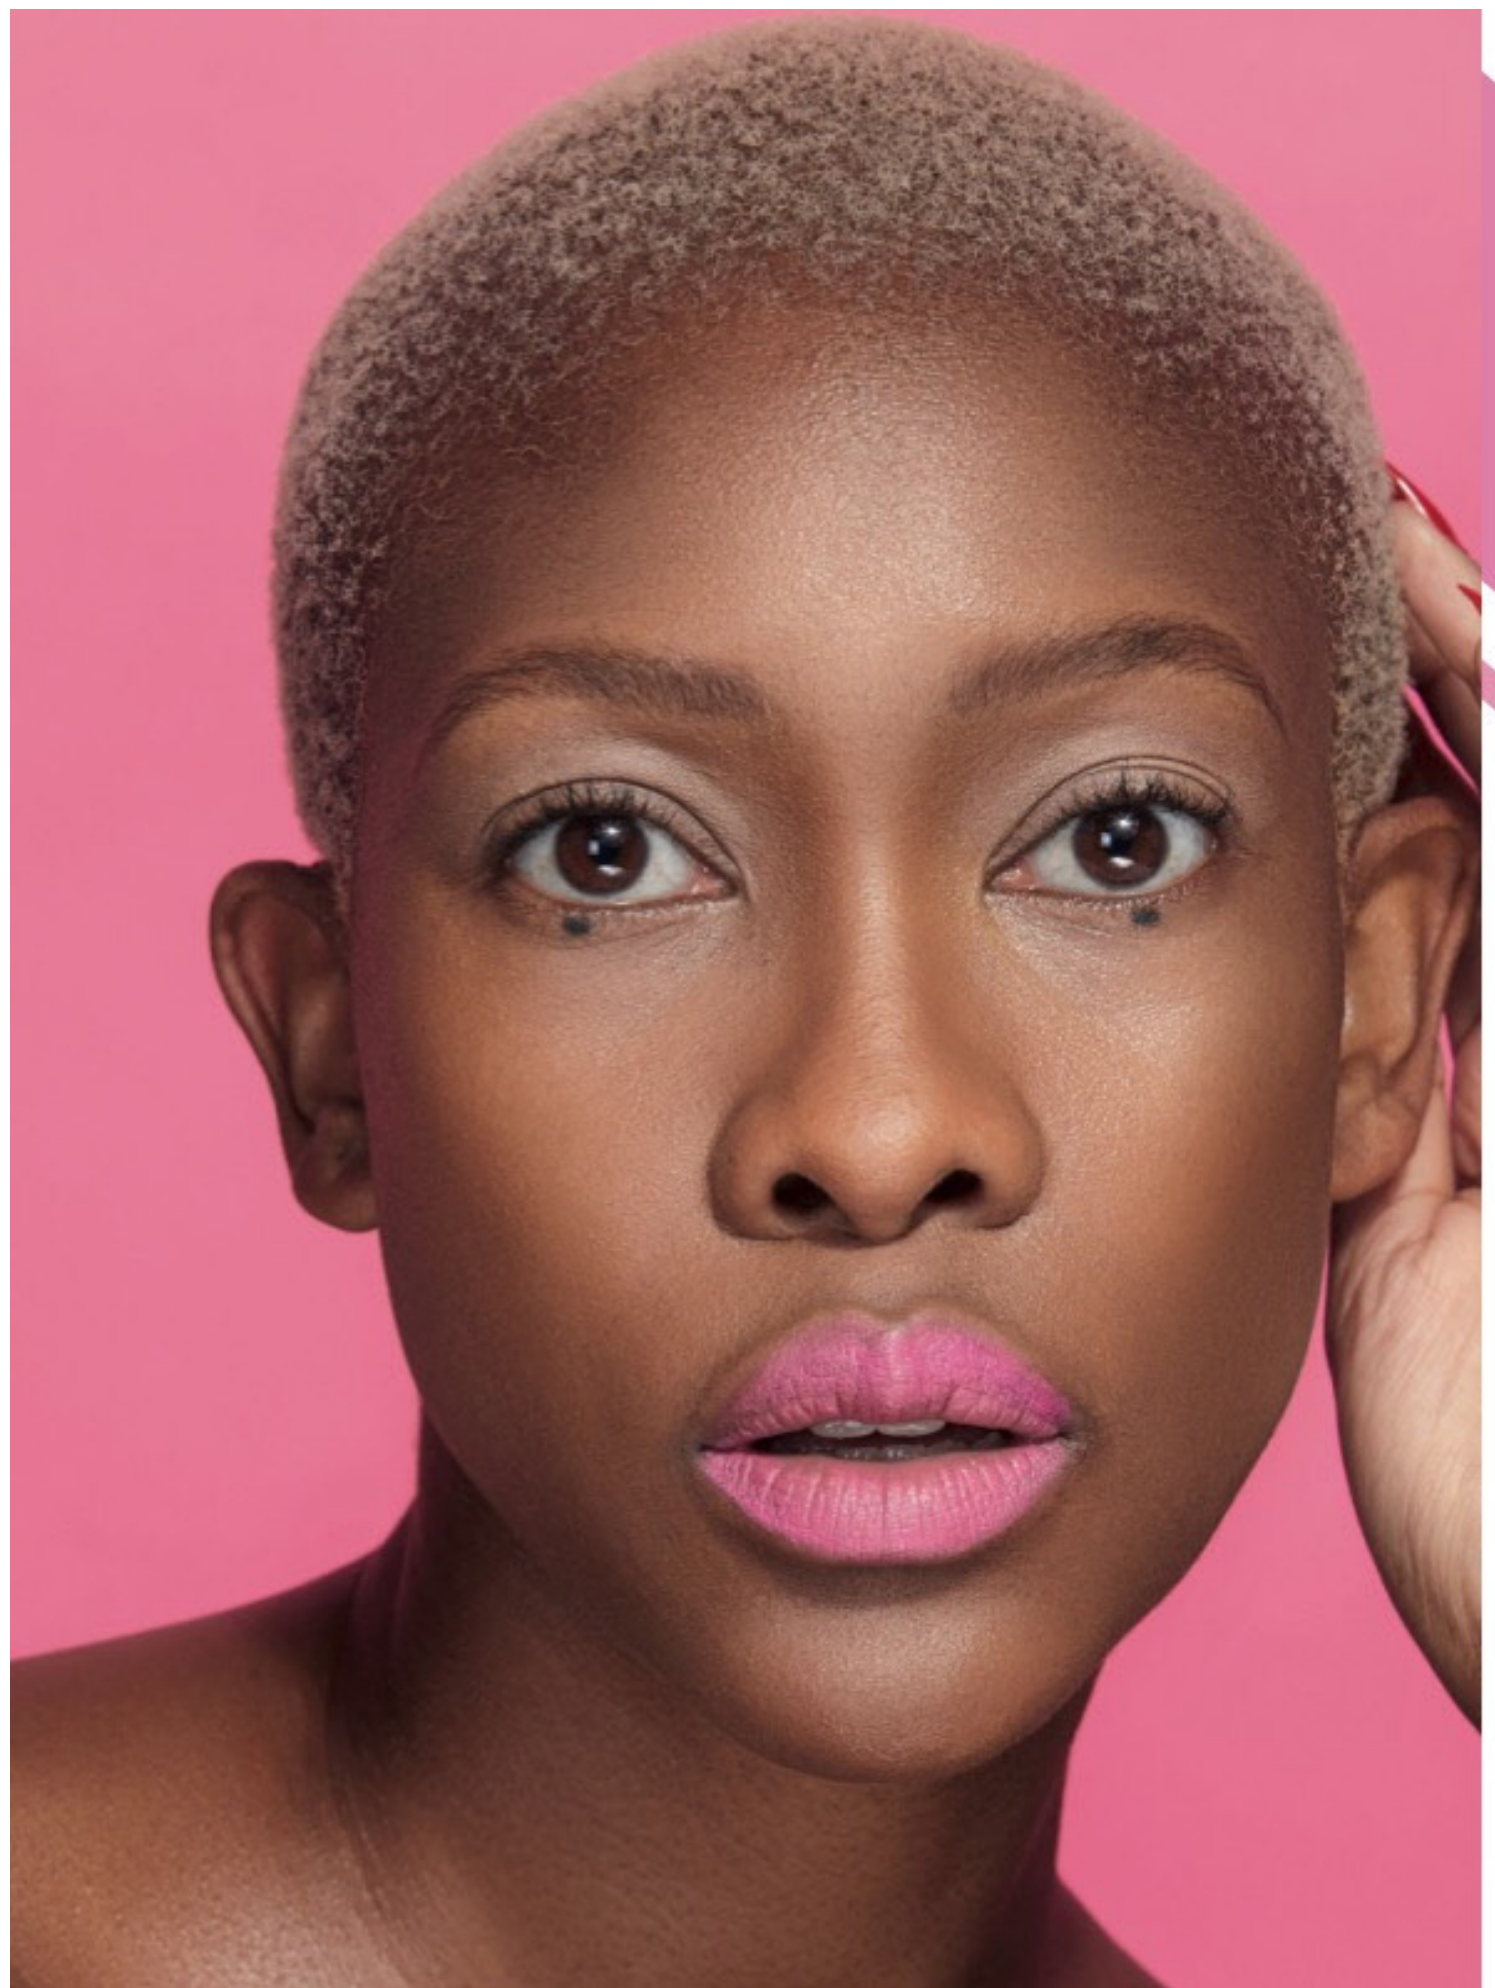

**DESTINY recommends:** BaByliss Essentials Finishing Detangling Hair Brush, R110  
Curly lace front wig, R1350
